# Heewon Cho

2006.12.26
contact@pribe.ss

## Education

### Sogang University
Mar 2026 — Present

Bachelor of Engineering

## Work Experience

### Digital Layer Co., Ltd.
Dec 2022 — Present

Founding Engineer

Rust · C/C++ · DPDK · XDP · TS/JS · Next.js

## Organizations

### AI@Sogang (Artificial Intelligence Student Society)
Jul 2026 — Present

President

## Projects

### UniKit
2022 — Present

Unikernel · Runs existing programs as-is · Supporting ecosystem
Rust rewrite in progress
`github.com/UniKitHQ/UniKit`

### FuseKit
May 2026 — Jun 2026

MLX graph compiler and Metal runtime for accelerating LLM inference on Apple Silicon
Rust · Python · Metal · MLX
`github.com/Pribess/FuseKit`

## Interests

- LLM inference and serving systems
- Broader machine learning systems (MLSys)
- Unikernels and library operating systems
- Virtualization and isolation systems
